FISCAL ANALYSIS

ASSUMPTION

Officials from the **Office of State Courts Administrator, Office of the State Public Defender, Department of Natural Resources** and the **Department of Public Safety - Missouri Water Patrol** each assume this proposal would not fiscally impact their respective agencies.

Officials from the **Office of Prosecution Services** assume any cost resulting from this proposal could be absorbed with existing resources.

Officials from the **Missouri Department of Conservation (MDC)** state the proposal would have an unknown amount of fiscal impact upon their funds because of enforcement costs.

In response to a similar proposal from a previous session, MDC officials assumed that they could absorb these costs with existing resources; therefore, **Oversight** assumes that MDC would not be fiscally impacted by this proposal

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

Effective January 1, 2004, this proposal prohibits the possession of glass food or beverage containers within 50 feet of a navigable waterway, except in designated camps and picnic areas or in vehicles on designated roads and parking areas. Violators will be issued warnings from January 1 to December 31, 2004; thereafter violators are subject to fines of up to \$500. On-duty public officials, people on private lands, and individuals with permits specifically authorizing use of glass containers are exempt.

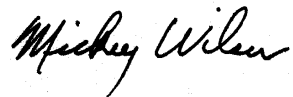

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
